Static or Dynamic Character Analysis Worksheet

The author may develop flat and round characters throughout a story.

A **static character** does not change over the course of a story.

A **dynamic character** has more depth through the character development and interaction with other characters. They may change over the course of the story.

Directions: Choose a static and dynamic character from the text. Briefly describe that character and provide textual evidence that supports whether they are static or dynamic.

Static Character:

Dynamic Character :
